Darius Brooks, Glad I Found U

Glad I Found U

When i think of you late at night
Sure would like to be here with you
Holding you so very tight
Aw i want you boo
Thinking of your hair
Rubing my
Hands everywhere
Holding you so tight
All through the night
I know it hurt sometimes
If we dont see each other
But i know if we keep it tight
Well be here forever

Glad, that i found u
Glad, i have you girl
Glad, that i have u
Im so glad

Taking time out a day
To give a call to you to say
That i miss you so
Oh
Dont ever let it go
I know that real things abound
When being true
To your feeling
And let it go all the way
For you my baby
Iknow it hurt sometimes
If we dont see each other
But i know if we keep it tight
Well be here forever

Glad, that i found u
Glad, i have you girl
Glad, that i have u
Im so glad
