

# Darius, Mockingbird

He tells you when  
He tells you why  
He tells you wherefore  
What to do and how it's done  
And how to be for him  
It's all about control  
It's all about control  
You're his life  
You're his strength  
But he's your weakness  
He knows you care  
Knows you give  
But he couldn't care less  
He fits you to his mould  
Chipping at your soul

It tears me up  
To see the way that he treats you  
To see the way that he brings you  
Down and down  
He's turning you inside out  
It breaks me up  
To see the way that you take it  
To see the way that he spins you  
Round and round  
Turning you upside down  
Mockingbird  
Mockingbird

Afraid to leave  
Afraid to lose  
Afraid of living  
You turn to him  
You turn to me  
But it lies in you  
It's waiting to be found  
It's waiting to be found

So feel your heart  
Feel your pain  
Feel your anger  
If you fight the fear  
Find the words  
You'll find the answer  
Like a cat held upside down  
You'll land feet on the ground

It tears me up  
To see the way that he treats you  
To see the way that he brings you  
Down and down  
He's turning you inside out  
It breaks me up  
To see the way that you take it  
To see the way that he spins you  
Round and round  
Turning you upside down  
Mockingbird  
Mockingbird

You never know  
What life may bring  
Trust your spirit  
Find your wings

Find your voice  
And let it sing  
Let it sing

It tears me up  
To see the way that he treats you  
To see the way that he brings you  
Down and down  
He's turning you inside out  
It breaks me up  
To see the way that you take it  
To see the way that he spins you  
Round and round  
Turning you upside down
