

Darius, Mockingbird

He tells you when
He tells you why
He tells you wherefore
What to do and how it's done
And how to be for him
It's all about control
It's all about control
You're his life
You're his strength
But he's your weakness
He knows you care
Knows you give
But he couldn't care less
He fits you to his mould
Chipping at your soul

It tears me up
To see the way that he treats you
To see the way that he brings you
Down and down
He's turning you inside out
It breaks me up
To see the way that you take it
To see the way that he spins you
Round and round
Turning you upside down
Mockingbird
Mockingbird

Afraid to leave
Afraid to lose
Afraid of living
You turn to him
You turn to me
But it lies in you
It's waiting to be found
It's waiting to be found

So feel your heart
Feel your pain
Feel your anger
If you fight the fear
Find the words
You'll find the answer
Like a cat held upside down
You'll land feet on the ground

It tears me up
To see the way that he treats you
To see the way that he brings you
Down and down
He's turning you inside out
It breaks me up
To see the way that you take it
To see the way that he spins you
Round and round
Turning you upside down
Mockingbird
Mockingbird

You never know
What life may bring
Trust your spirit
Find your wings

Find your voice
And let it sing
Let it sing

It tears me up
To see the way that he treats you
To see the way that he brings you
Down and down
He's turning you inside out
It breaks me up
To see the way that you take it
To see the way that he spins you
Round and round
Turning you upside down
