

DarkTribe, Voici l'homme

Explain me why I've never been
Explain me why he cancelled me
Since I was three years old he hated me

Many years are spent and I believed
That I could, one day, forgive him
I really needed to not feel guilty

Mother's love is all I had
Without a father to answer me
I'm searching the truth in a tragedy
This is the man that I wouldn't be
Je cherche l'éternel et pourtant j'ai fui
J'ai aidé les hommes et ils m'ont puni
Je ne suis coupable que de mes envies
Voici l'Homme que je suis

Alone in the dark there's no way in
The room is closed but I can feel
This wedding of hatred and fear that has always pursued me
He carried me alive to the abyss
Where anyone will be able to help me
Oh father please show me where I am
I need to get up and find my pride

Mother's love is all I had
Without a father to answer me
I'm searching the truth in a tragedy
This is the man that I wouldn't be
Je cherche l'éternel et pourtant j'ai fui
J'ai aidé les hommes et ils m'ont puni
Je ne suis coupable que de mes envies
Voici l'Homme que je suis

One day or another I will be loved
My past and my future will collide and make what I saw
Erasing, destroying, the sunset, evoking a new mankind
So never forget my prophecy when your faith is alive

Mother's love is all I had
Without a father to answer me
I'm searching the truth in a tragedy
This is the man that I wouldn't be
Je cherche l'éternel et pourtant j'ai fui
J'ai aidé les hommes et ils m'ont puni
Je ne suis coupable que de mes envies
Voici l'Homme que je suis
