

Darlene Zschech, Thankful

I felt your gentle rain
You wash over my heart again
And I find You here
I Find You here
You take me by the hand
And when I dont understand
You hold me
You hold me

(chorus)
To the cross I come again
I'm so thankful, I'm thankful
You're mercy over me again
I'm so thankful, living God
I wanna thank You living God

In the light of day
You're truth defies my way
And You call me Yours
I'm forever Yours

(bridge)
For eternity,
You will be, You will be
Yesterday, today and forever,
You remain the same

(chorus)
To the cross I come again
I'm so thankful, I'm thankful
You're mercy over me again
I'm so thankful, living God

To the cross I come again
I'm so thankful, I'm thankful
You're mercy over me again
I'm so thankful, living God
I wanna thank You living God
