

# Darlene Zschech, That's What We Came Here For

We come into Your presence with singing  
We come into Your presence with praise  
Enter Your gates with thankful hearts  
We are gonna celebrate

All of Heaven's waiting  
Power's on its way  
So we shout 'Hallelujah'  
Lift it to You  
A mighty roar of praise

You deserve the highest praise  
We can give and more  
Lord, we give our praise  
That's what we came here for

(You deserve the highest praise,  
You deserve the highest praise,  
You deserve the highest praise...)
