

Darren Hayes, I Wish U Heaven

Doubts of our conviction
follow where we go
and when the worlds compassion
sees us still i know
For your every touch i
Thank you so much
And for your every kiss i
I wish you love i wish you heaven i wish you heaven
If i see eleven
well you can say its seven
but still i'd wish you heaven
i wish you love i wish you heaven i wish you heaven
i wish you heaven i wish you heaven
still id wish you heaven
i wish you love i wish you heaven i wish you heaven
i wish you heaven
