

# Darryl Worley, I Will Hold My Ground

I have never had an easy life  
But I'm not complaining  
It has taught me how to stand and fight  
For what I believe in  
I guess that's just how I was raised  
I find it hard to walk away  
I will not back down  
When you push me to the wall  
Expecting me to fall  
I will not give in  
I am not afraid to fight  
For what I know is right  
I can only take so much  
And when I've had enough  
It's not in my blood to just lay down  
I will hold my ground  
I try my best to get through every day  
Without confrontation  
Stayin' out of everybody's way  
But then on occasion  
Somebody steps across the line  
And it's not too long before they find  
Not it's not in my blood to just lay down  
I will hold my ground  
Yeah I will hold my ground  
I will hold my ground  
I will hold my ground  
I will hold my ground
