

Darryl Worley, If I Could Just Be Me

(Darryl Worley/Leslie)

I'd like to lay this old hammer down
Drive my pickup truck to town
Find a friend and just hang around
If I could just be me
Grab a bobber and my old cane pole
Spend a evenin' at the fishin' hole
Why I wouldn't hurt a soul
If I could just be me
I've learned to live behind these fences
But I'm not the kind of man to just go along
Now and then I need a chance to be who I am
Maybe sing a different song
I need to put my worries on a shelf
Take some time to get to know myself
I wouldn't have to be nobody else
If I could just be me
I've learned to live behind these fences
But I'm not the kind of man to just go along
Now and then I need a chance to be who I am
Maybe sing a different song
If I didn't have these bills to pay
If I could really have my way
I'd lay around and love on you all day
If I could just be me
If I didn't have these bills to pay
If I could just be me
If I could just be me
If I could just be me
