

# Darryl Worley, Second Wind

There's an old friendly breeze that blows  
In the Gulf of Mexico  
Somehow it always knows  
When I'm feeling low  
So I'm gonna anchor down  
Wait til it comes around  
Leave the rest of the world behind  
Yeah that's how I'll pass the time

Chorus:

Til I catch my second wind  
Get back up and gain control again  
Find the strength I lost back then  
When you stopped loving me  
I guess I'll just stay out here  
Til I know the coast is clear  
Sit and watch the tide roll in  
Til I catch my second wind  
There's a peace in the way I feel  
When the water's still  
And as long as its calm out here  
I've got time to kill  
But as soon as it starts to stir  
I'll loose track of the way things were  
Float away on the open air  
I'm not going anywhere

Chorus:

Til I catch my second wind  
Get back up and gain control again  
Find the strength I lost back then  
When you stopped loving me  
I guess I'll just stay out here  
Til I know the coast is clear  
Sit and watch the tide roll in  
Til I catch my second wind  
I guess I'll just stay out here  
Til I know the coast is clear  
Sit and watch the tide roll in  
Til I catch my second wind  
Just sit and watch the tide roll in  
Til I catch my second wind
