

# Darryl Worley, Tennessee River Run

(Darryl Worley/Steve Leslie)

Worked all week, got it all done

Let's make a Tennessee River run

Hey everybody, I think the time is right

Let's get together down where the catfish bite

Cooped up all winter waitin' on a day like this

It's the way I feel when I'm rockin' on the water

Baby that I can't resist

BBQ grill, summertime jam

Just a mile above the Pickwick dam

Party on the water, whole lotta fun

Time to make a Tennessee River run

I'll get my bass boat, crank up your party barge

We'll drop these anchors out where the big boats are

Break out a cooler, pass out some ice cold beer

Look at all the people out here on the water

Man I can't believe we're here

Swingin' on a rope, gonna have a ball

Jumpin' off the Yellow Creek waterfall

Checking out the honeys baking in the sun

God bless a Tennessee River run

Doo-doo-n-dee-dee

Oh what a weekend, we've had some time to play

I should be leavin' tomorrow's a work week day

I just might call in, tell 'em that I can't get home

Does anybody else want to stay a little longer

Or am I gonna be alone?

Floatin' on a tube, gonna weigh a ton

Cajun sausage on a hot dog bun

BBQ grill, summertime jam

Just a mile above the Pickwick dam

Party on the water, whole lotta fun

Time to make a Tennessee River run

Doo-doo-n-dee-dee

Nothing like a Tennessee River run

I love a Tennessee River run

Whoop up a Tennessee River run
