Darryl Worley, The Way Things Are Goin'

(Darryl Worley/Sanders)
The way things are goin' in my life
I'm headed for disaster
Livin' fast and faster
A rebel on a roller coaster ride
That's the way things are goin' in my life
The very folks that mean the most to me
They're as distant as the sunset
I need 'em every one yet
I hurt 'em till they just can't hardly be
The very folks that mean the most to me
It would be easy to abandon
A man who's so demandin'
But somehow she's still standin' here with me
If I could conjure up a miracle
Find comfort in the spiritual
I guess I'd pray for some serenity...but that ain't me
And the way things are goin' in my life
I guess it won't be long now
Oh before she's gone now
She might say goodbye just to prove me right
That's the way things are goin' in my life
It would be easy to abandon
A man who's so demandin'
But somehow she's still standin' here with me
If I could conjure up a miracle
Find comfort in the spiritual
I guess I'd pray for some serenity
I guess it won't be long now
Oh before she's gone now
She might say goodbye just to prove me right
That's the way things are goin' in my life
Yeah, that's the way things are goin' in my life
