

Darryl Worley, Too Many Pockets

(Darryl Worley/Steve Leslie)

I've got too many pockets on my shirt
Too many choices and it's only getting worse
Too many things that I could do today
Too many stops along the way
I miss the way it used to be
Back when there were just two channels on T.V.
That way of life was so much easier
I've got too many pockets on my shirt
Somehow it all got out of hand
Too complicated for a simple man
Don't want to have to pick and choose
Hey, look at all these things I'll never use
I'm gonna find a one-lane road
Where there's only one way I can go
Take a little trip back to the way things were
I've got too many pockets on my shirt
Somehow it all got out of hand
Too complicated for a simple man
Don't want to have to pick and choose
Hey, look at all these things I'll never use
I'm gonna find a one lane road
Where there's only one way I can go
Take a little trip back to the way things were
I've got too many pockets on my shirt
Wish I could get back to the way things were
I've got too many pockets on my shirt
Too many pockets on my shirt
