

# Daryl Hall, Gloryland

(Gloryland, in Gloryland  
(You're here in Gloryland)

It started with a feeling  
and a dream was born in you  
You hope and pray that come the day  
you'll see that dream come true.

With every passing moment  
you begin to understand  
that you're bound for Gloryland.

With a hunger in your heart  
and with fire in your soul,  
with passion rising high,  
you know that you can reach your goal.

Believe in what you do  
and you've the strength to see it through  
on the road to Gloryland.

(and I say...)  
Gloryland, in Gloryland  
it's in your heart, it's in your hand.  
In Gloryland, in Gloryland,  
you're here in Gloryland.  
This is Gloryland.

As the day gets ever closer  
you are reaching for the sky.  
the flames that burn inside  
are the flames that never die.  
When you start to believe  
it's in your heart,  
it's in your hand.  
You know, this is gloryland.

(and I say...)  
Gloryland in Gloryland,  
it's in your heart,  
it's in your hand  
in Gloryland, hey Gloryland.  
You're here in Gloryland.
