

Daryl Hall, I'm In A Philly Mood

(Hall, Moreland, Smith, Gorrie)

Oh, let's make it groove
Taking it nice and smooth

Turn out the light - I can see
your face
It's you and I - in the time and place
The radio playing Teddy's groove
The city nights - nothing love
couldn't do
Oh, baby, it's been too long
I need to feel the same thing
That made that time our own

Oh, let's make it groove
Taking it nice and smooth
I'm in a Philly mood
Oh, baby come down
I wanna hold you now
I'm in a Philly mood

Lay down your love - I can feel
your soul
When night is gone let our hearts
carry on
As sure as you are of the love
we made
I know sometimes we've been so
out of place
Oh, lately, girl it seems that we've
come home
To the place that made that time
our own

Oh, let's make it groove
Taking it nice and smooth
I'm in a Philly mood
Oh, baby come down
I wanna hold you now
I'm in a Philly mood
Oh, let's make it groove
Taking it twice as smooth
I'm in a Philly mood
Oh, baby come on
I wanna hold you now
I'm in a Philly mood
