

# Daryl Hall, I'm In A Philly Mood

(Hall, Moreland, Smith, Gorrie)

Oh, let's make it groove  
Taking it nice and smooth

Turn out the light - I can see  
your face  
It's you and I - in the time and place  
The radio playing Teddy's groove  
The city nights - nothing love  
couldn't do  
Oh, baby, it's been too long  
I need to feel the same thing  
That made that time our own

Oh, let's make it groove  
Taking it nice and smooth  
I'm in a Philly mood  
Oh, baby come down  
I wanna hold you now  
I'm in a Philly mood

Lay down your love - I can feel  
your soul  
When night is gone let our hearts  
carry on  
As sure as you are of the love  
we made  
I know sometimes we've been so  
out of place  
Oh, lately, girl it seems that we've  
come home  
To the place that made that time  
our own

Oh, let's make it groove  
Taking it nice and smooth  
I'm in a Philly mood  
Oh, baby come down  
I wanna hold you now  
I'm in a Philly mood  
Oh, let's make it groove  
Taking it twice as smooth  
I'm in a Philly mood  
Oh, baby come on  
I wanna hold you now  
I'm in a Philly mood
