

# Daryl Hall & John Oates, Guessing Games

Music: Hall/J. Allen

Lyrics: Hall

When I met you I should've been warned  
Ooh I could see you change from day to day  
But you kept me guessing  
Playing for fun  
What'll you do what would you say  
Strange moods and jealous anger  
A kind of passion that I can't explain  
You're high strung, that's attraction  
But your act is driving me away  
(Guessing games) I don't wanna play those  
Guessing game  
(Don't wanna)  
Please don't make me play'em no  
(Guessing games)  
I don't wanna play those  
(Guessing games)  
Games

You gotta give me something to hold  
That cute routine you got is wearing thin  
So baby can you do it for yourself and for me  
I don't wanna lose you, I want us to win  
Strange moods jealous anger  
That kind of passion that you can't explain  
You're high strung that's a fact  
But don't you let it drive me away  
(Guessing games) 'cause I don't wanna play those  
Guessing game  
(Don't wanna)  
Please don't make me play'em no  
Guessing games  
I don't wanna play those  
Games
