

Daryl Hall & John Oates, Had I Known You Better

Were you ever so in love
you couldn't wait to get to sleep and dream
about the one you wish was there beside you
In the past few days I've grown
to love your giggles on the phone
and how we hug so nicely

Chorus:

And from the first time that I saw you
had I known you better then
I would've said those three old words
And from the first time I saw you
had I known you better then

Now I'm gonna move away
another town another crazy day
ooh I want to stay and maybe hang around you
Call it luck
call it fate
call it a shame that we have met so late
and loved so lightly

Chorus:

And from the first time that I saw you
had I known you better then
I would've said those three old words
And from the first time that I saw you
had I known you better then
