

# Daryl Hall & John Oates, Rock Steady

[Aretha Franklin]

Rock steady baby!  
That's what I feel now  
Let's call this song exactly what it is

Step n' move your hips  
With a feelin' from side to side  
Sit yourself down in your car  
And take a ride  
And while you're movin'  
Rock steady  
Rock steady baby  
Let's call this song exactly what it is  
(What it is - what it is - what it is)

It's a funky and low down feelin'  
(What it is)  
In my hips from left to right  
(What it is)

What it is  
Is I might be do in'  
(What it is)

This funky dance all night  
Oh!  
(Let me hear ya gotta feelin' in the air)  
Oh!  
(Gotta a feelin' an ain't got a care)  
Oh!  
(What fun to take this ride  
Rock steady will only slide)

Rock steady..... rock steady baby.  
Rock steady..... rock steady baby

Ooooooooooooooh  
(Wave your hands up in the air)  
Ooooooooooooooh  
(Got a feelin'an ain't got a care)  
Ooooooooooooooh  
(What fun to take this ride)  
Ooooooooooooooh  
(Rock steady will only slide)

Rock steady  
Steady it baby!  
Rock....rock steady baby
