

Daryl Hall & John Oates, Talking All Night

Music by Daryl Hall, John Oates
Lyrics by Daryl Hall, John Oates

Ain't it funny I'm tied to the magic of your caress
Ain't it lovely how we fit together
Girl you're the best
It seems like we've been talking forever
Words & Wine
We've been lost in time
Touching emotions I used to hide
Too deep inside

12:45 quarter to one
We're Talking All Night
1:45 quarter to two
We're Talking All Night

Heat of passion, hours and minutes don't mean so much
I know the language of love is a tender touch
Speak slowly, make the night last forever, spill the wine
So you'll forget the time
Won't you break down & show me emotions you used to hide so deep inside

12:45 quarter to one
We're Talking All Night
1:45 quarter to two
We're Talking All Night
2:45 quarter to three
We're Talking All Night
3:45 quarter to four
We're Talking All Night
