Daryl Hall & John Oates, Talking All Night

Music by Daryl Hall, John Oates Lyrics by Daryl Hall, John Oates

Ain't it funny I'm tied to the magic of your caress Ain't it lovely how we fit together Girl you're the best It seems like we've been talking forever Words & amp; Wine We've been lost in time Touching emotions I used to hide Too deep inside

12:45 quarter to one We're Talking All Night 1:45 quarter to two We're Talking All Night

Heat of passion, hours and minutes don't mean so much I know the language of love is a tender touch Speak slowly, make the night last forever, spill the wine So you'll forget the time Won't you break down & amp; show me emotions you used to hide so deep inside

12:45 quarter to one We're Talking All Night 1:45 quarter to two We're Talking All Night 2:45 quarter to three We're Talking All Night 3:45 quarter to four We're Talking All Night
