

Daryl Hall & John Oates, You Did It In A Minute

I just came in here from force of habit
I don't intend to spend too much time in here
But I saw you headin' for the jukebox
And if you play A-11 there's gonna be tears
I don't know you from Adam
But if you gonna play the juke box
Please don't play A-11
This used to be our favorite night spot
And when she was here it was heaven
It was here that she told me that she loved me
And we always played A-11
I don't know you from Adam
But if you gonna play the juke box
Please don't play A-11
I don't know you from Adam
But if you gonna play the juke box
Please don't play A-11
Please don't play A-11
