

Dashboard Confessional, Heaven Here

we are the only ones who feel it
tonight we drink, tonight we dance with all the last ones who can hear it
we're calling in whispers, we're tired of waiting
we'll take what we want and leave, leave what we know behind

we are still dreamers in our dead sleep, naked and tangled, twisted in love
and tonight we are the only ones who feel it
so let it last all night, so let it last all night
let the fire surround us, let it all cave in, let it all burn wild
we are leaving it all behind, we are leaving it all behind
heaven is here

we are tangled and brave
we are leaking and saved
when heaven's not waiting, it's spilling its secrets
it's right here between us, and we've no other choice but believe
so let it last all night

naked and tangled and twisted in love
and tonight we are the only ones who feel it
heaven is here
and tonight we are the only ones who feel it
