

# Dave Dudley, Get The Best Of Living

Well I'm a goin' down the road with worries on my mind  
I gotta lot of troubles I'm leavin' behind  
Oh yes I'm goin' just to see what I can see  
I'm gonna get the best of living before living gets the best of me  
I hear the crowds are happy in Dallas and Fort Worth  
I gotta find what's goin' on before I leave this earth  
Oh yes I'm goin' just to see what I can see  
I'm gonna get the best of living before living gets the best of me  
I been around this town so long wastin' my life away  
I think I've done my share of work and now I'm gonna play  
I been missin' all the thrills I know I've gotta find I feel like I need a shot of Potion No 9  
I'll go to San Francisco drop my worries on the way  
I hear there's lots of pretty girls surfin' in LA  
Oh yes I'm goin' just to see what I can see  
I'm gonna get the best of living before living gets the best of me  
[ harmonica ]  
Oh yes I'm goin' just to see what I can see  
I'm gonna get the best of living before living gets the best of me  
I'm gonna get the best of living before living gets the best of me
