

# Dave Dudley, Gettin' Back Together

Gettin' back together is hard to do gettin' back the good times that we once knew  
Now think about the sad times I'm going through

And gettin' back together is hard to do

Gettin' back together that's all that I want I had my good times I've had my fun

Now if we have some bad times we'll see them through

Cause gettin' back together is hard to do

Gettin' back together me and you well it seems like forever that I been missin' you

I wanna build the bridges I burned in two gettin' back together is hard to do

Gettin' back together is hard to do
