

# Dave Dudley, Going Back (To My Baby)

Going back to my baby I'm leaving today  
Gotta get back to my baby no more cryin' night and day  
One way ticket on a one way track I ain't takin' time to pack  
Going back to my baby right away  
Going back to my baby I'm leaving today  
Been so lonesome for my baby ever since I went away  
Leaving worries behind gotta make up for all time  
Going back to my baby right away  
Going back to my baby I'm leaving today...
