Dave Dudley, Going Back (To My Baby)

Going back to my baby I'm leaving today
Gotta get back to my baby no more cryin' night and day
One way ticket on a one way track I ain't takin' time to pack
Going back to my baby right away
Going back to my baby I'm leaving today
Been so lonesome for my baby ever since I went away
Leaving worries behind gotta make up for all time
Going back to my baby right away
Going back to my baby I'm leaving today...
