

Dave Dudley, Greatest Man Alive

Tear apart a amountain hark the deepest sea
Pull the stars down from the skies so blue
Keep the day from dawning anything you say
I'm the greatest man alive when I'm with you
Swim the widest ocean stop to wind and rain
Move the clouds and make the sunshine through
Rearrange the moonlight so it shines your way
I'm the greatest man alive when I'm with you
Even though you tell me all the time tell me once again that you are mine
That's the way that it should always be I'm for you sweetheart and you're for me
I'll be the greatest lover the world has ever known
When I'm with you I know just what to do
Cause with my arms around you the whole world is brand new
I'm the greatest man alive when I'm with you
I'm the greatest man alive when I'm with you
