Dave Dudley, I Lived For A While

My life began when I met you I lived while I was with you
Then died when you told me goodbye
Yes I died when you told me goodbye but I lived oh yes I lived for a while
Loving you was so nice like paradise tender warm and so real
Then mem'ries from the past made you believe it couldn't last
Now you're gone oh but I lived for a while
[guitar]
Loving you was so nice...
Now you're gone oh but I lived for a while
