

# Dave Dudley, Katy Bar The Door

Oh Katy bar the door keep the girls in the house  
Cause I'm gonna live it up there ain't no doubt  
Katy bar the door I'm a man not a mouse so look out pretty girls it's my night out

Well all week long I work at the mill from sunup to sundown everyday  
Well at noon on Saturday everything stands still  
And I'm halfway to town when I get my pay  
So Katy bar the door...

[ dobro ]

Before this night is over in troubles where I'll be  
I'll be you-know-what-on-wheels you might say  
I'll try to drink the town up and I may do it watch and see  
If not I'll get it done next Saturday  
So Katy bar the door...  
So Katy bar the door...
