

# Dave Dudley, Louisiana Saturday Night

If it's one of those nights a night that's happy and wild  
If you pole the pirogue come for a many a mile  
If you're a singing a song feast on gravy and rice  
I know what that is a Louisiana Saturday night  
A Louisiana Saturday night everybody feeling alright  
There ain't nothing like a Louisiana Saturday night

If it's one of those nights everybody go hog wild  
All the little girls you see wear a pretty cajun smile  
The fiddle and accordion play an old song happy and bright  
But I know what that is a Louisiana Saturday night  
A Louisiana Saturday night...

Make like a Mardi Gras dance till broad daylight  
Bet all our money then on a dog or a chicken fight  
The day after Friday next week everything'll be alright  
Cause we'll have us another Louisiana Saturday night  
A Louisiana Saturday night...  
A Louisiana Saturday night...
