

Dave Dudley, Quittin' Time

Quittin' time quittin' time like a big dollar bill a waitin' on a little thin dime
Quittin' time quittin' time wanna find my baby by the docks at quittin' time

Well I don't mind workin' I gotta make a dollar to spend
Yeah I'll sure enough to spend it then I'll have to make a dollar again
Don't wanna make a fortune that I'll only have to leave behind
Wanna make an honest livin' drop my trailer off at quittin' time
Quittin' time quittin' time...

[guitar]

Yeah the highway's wet and I'm a little bit afraid tonight
Afraid if I ever get a break I'll fold like a switchblade knife
Oh my eyes are heavy but I see the city limit sign
Well Lady Luck is with me cause I'm home and it's quittin' time
Quittin' time quittin' time...

Wanna see my baby at the docks at quittin' time
Wanna find my baby by the docks at quittin' time
Gonna see my baby at the docks at quittin' time
