

Dave Gahan, 21 Days

When are you going
To tell us it's over
How long will you keep us
Hanging on your hook
You have us all by the short and curly's
Reading us all like a book

Building a tower of fear by the river
Building it up
Build it up

Building a tower of fear by the river
Building it up
Build it up

It's been 21 days
And the tower keeps rising
21 days
That's all it took
The sun is disappearing on the horizon
You really should take a look

Building a tower of fear by the river
Building it up
Build it up

Building a tower of fear by the river
Building it up
Build it up
