

# Dave Gahan, A Little Piece

All alone and bitter  
All alone and bent  
All alone with someone  
And I should be so glad  
All alone and twisted  
All alone and bent  
Won't you come and (---)  
I really feel quite sad  
A little piece of you  
A little piece of me  
A little piece I've got  
It's what you gave to me  
And all my wishes  
Have come true  
I know without a doubt  
When I look at you  
When I trust in you  
If you can trust in me  
Maybe someday we can all be free  
A little piece of you  
A little piece of me  
A little piece I've got  
It's what you gave to me  
  
Is what you gave to me
