

Dave Gahan, Goodbye

It isn't very hard to see from where I stand
There's no one to blame
I opened up my eyes to see a world with so much pleasure
Not pain
As she looked into my eyes I knew I might not see her again
We're changing and it's hard for me to stay the same
She answers all the questions
Things I find so very hard to say
As I close my eyes
I heard the whisper "Goodbye"
All these questions that I'm asking
Feel very foolish anyway (Goodbye)
As I turn the corner, I heard her whisper again
(Goodbye)
It's what she said
(Goodbye) It's what she said
(Goodbye) It's what she said
It's what she said
I love her from the first time we kissed
She taste so great
She lit another candle and slowly fell into the flame
She answers all the questions
Things I find so very hard to say
As I close my eyes
I heard her whisper "Goodbye"
All these questions that I'm asking
Feel very foolish anyway (Goodbye)
As I turn the corner, I heard her whisper again
(Goodbye)
It's what she said
(Goodbye) It's what she said
(Goodbye) It's what she said
It's what she said
It's what she said
(Goodbye)
