Verse 1
Came through wit the top down chillin'
Got outta my whip nine trippin'
Baby walked upto me
Tightest thing you ever wanna see
Oh oh oh ohh
(Shorty looking kinda right
Satisfie my appetite)
Um, Baby you know my Steelo
Gotta get witcha on a D.Low

Chorus (x2)
I Came in the door Pimpin'
(Handeling Strictly business)
Nutin' personal Baby
Tryina be shady
That's just the way it goes

Verse 2
Now I'm not trying to be on my own dick
But I fell off in the club looking so slick
Was looking for something nice and chocolate
Didn't wanna have to come up out my pockets
oh oh oh oh
(The Shorty's in here kinda right
Satisfy my appetite)
But you know my steelo
Gotta get witcha on a D.Low

Theres a place I'd like to take you
Where big pimps and hustlers kick it
They just lay back like catochus
Roll your ice and get your G's

Now the meaning of a song
Is baby if you're 'bout it get it on
From the late niight to the break of dawn
Imma still get my pimp on

Chorus (x2)

Too \$hort
BI-A-TCH!
That right pimp and hoes
Too \$hort baby slamming caddilac doors
I've been a mack half my life
If I wanna have your wife
It won't take me too much
Imma make it last all night
When you dealin' with my type
Don't get caught up in the hype
I be taking all you bitch money
And you know that just ain't right

Cause you brought her to the club
But you don't leave wit her
Tryina figure how a playa like Sho' dog can get her
Some body had to do it
She didn't really love you
Another pimp got your hoe and you don't know what to do!

Chorus
(To Fade)
