

# Dave Hollister, Case Is Closed

Ok baby come here, look this what we gonna do.  
We gonna play this cops and robbers thing,  
but you got to keep this to yourself. I mean....  
...you killing me alright. Listen

Put your hand where I can see em'  
License and registration  
Your doing 60 in a 35  
Do I detect intoxication  
Get up on this ride  
Put your hands behind your back  
and close your eyes  
I'm bout to run you downtown  
Lock you up and throw away the key  
Tonight I'm going to be your police

You got the right to remain silent  
You got the right to keep this on the low  
Anything you say or do can be use against  
you but as far as I'm concerned cased is closed

If you wanna testify  
They have witness protection  
But I can save you from this crooked cop  
Once I start I won't stop  
You want this strong affection  
Stop running your mouth (your mouth)  
Telling all your friends (your friends)  
That you been locked up (locked up)  
And you wanna be back in  
Your blowing my cover, turn your sirens off  
You gone get me fired, for messing with the law

You got the right to remain silent  
You got the right to keep this on the low  
Anything you say or do can be use against  
you but as far as I'm concerned cased is closed

You got the right to remain silent  
You got the right to keep this on the low  
Anything you say or do can be use against  
you but as far as I'm concerned cased is closed

This was suppose to be between me and you  
Don't nobody to know the freaky things we do  
End this interrogation bodies anticipation  
Don't know how long I can wait and you about  
to drive me crazy.  
you wanna be searched, nobody searched and I'm  
bout to work. You got offer an extention  
swear not to mention put your right hand in the  
sky and keep this all between you and I

You got the right to remain silent  
You got the right to keep this on the low  
Anything you say or do can be use against  
you but as far as I'm concerned cased is closed

You got the right to remain silent  
You got the right to keep this on the low  
Anything you say or do can be use against  
you but as far as I'm concerned cased is closed

Now if you keep this to yourself, we can do this

anytime you want to alright. I aint gonna tell  
nobody far as I'm concerned once we do this  
Case is Closed
