

Dave Hollister, My Favourite Girl

What's wrong wit yo shady ass
Wakin me up early in the mornin still yawnin
Don't you know a nigga half sleep
So why the hell you keep on pagin me

I told you once befo
I'm gon say it once again
Don't ya call no mo
My girl is layin next to me

Do ya think this is a game
Why ya testin me
You keep on stressin me

Chorus: You keep call me
All night long

Just constantly
Interruptin
Can't cha see
I'm with my favorite girl

What's that shityou on
Talkin bout
My babies momma
She's still layin in my arms

She is my favorite girl

Verse 2:

I saw you around my way
Ridin by my crib
Just the other day
The order of protection

Was restranin me
I couldn't take the chance of someone namein me
You tryin ta frame me

Leave me alone

Callin me & hangin up the wife was home
How'd ya get my number in the first place
The shit ain't even listed under my name

Bridge:
You callin me
& ya tellin me
That cha wantin me
Cause ya lonely
& ya can't see

How I can be wit anotha B*I*T*C*H
& that she can neva be my wifey

Why can't cha see it wasn't meant for you to be with me
You crazy girl

Thinkin I would eva leave my baby
My lady

The only one

Who's there fo me

Who cares fo me
My destiny

Who know's tha things
That's best fo me

& a part of me (I'm not leavin my home)
& that she ya see

Would only mean tha world to me

Chorus: x2
