

# Dave Hollister, Pleased Tonight

Girl I been sitting thinking about you all day  
Seem like a couple weeks  
When its only been a couple days  
Sincd I felt your body next to mine  
If I said I could wait another day I shoul'd be lying  
Said I almost forgot  
Just how good it could get  
So bring your body here  
So I can make you sweat  
What I'm gonna do to you  
I guarantee you won't regret  
I promise and put it on everything  
you'll love every bit of it

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep

Can you meet bout 9 o'clock  
with a trench coat and sexy pumps  
Have a drink or two to loosen up  
And focus on whats ahead of us  
Candlelight, some massage  
some foreplay just to start  
bodies intent must release  
sexual healing is what I need  
Want to taste your lips  
grab those hips, make you feel my grip  
some ole freaky shit  
Take you to ecstasy  
If you know just what I mean  
Come on over here your body calling me  
Turn you cell phone off and your pager too  
No interruptions once I'm into you.

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep

Make you love me  
Like Whitney loves Bobby  
Make you need me  
Like Motown needed Smokey  
You deserve all of this  
Once I start I won't quit  
Making love all night long

Lord have mercy on me Oh alright  
Mike I don't think they hear me Lord  
Oh oh oh right Yes sir Oh no  
I'm not gonna waste no time Oh no

Come on, come on  
See I know you feel me  
You gotta feel me  
Cause I'm gonna please you

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep

You gone get pleased tonight  
When I lay you down, and put it down  
Sexin you all night long, til the early morn  
You gone get pleased tonight  
Girl your body weak from the touch of me  
Laying next to you til you go to sleep
