

Dave Mason, You Can't Take It When You Go

Dont try to possess me
Ill slip from your grasp
the things that you seek
have already passed
in rushing to own everything thats in sight
nothing is left
no, not even your life

You cant take it when you go
thats something that you oughta know
Love isnt counted in gold
only in heart and soul

Lies cant hurt
at least thats what you say
but therell be confusion
as sure as night turns to day
truth is a feeling you just cant deceive
lifes an illusion
when you dont believe

You cant take it when you go
thats something that you oughta know
Love isnt counted in gold
only in heart and soul

repeat

over and over
day after day
lifes precious moments are wasting away
if dreams are the schemes on which futures are made
dream on sweet dreamer
til you reach your grave

You cant take it when you go
thats something that you oughta know
Love isnt counted in gold
only in heart and soul
