

# Dave Mason, You Can't Take It When You Go

Dont try to possess me  
Ill slip from your grasp  
the things that you seek  
have already passed  
in rushing to own everything thats in sight  
nothing is left  
no, not even your life

You cant take it when you go  
thats something that you oughta know  
Love isnt counted in gold  
only in heart and soul

Lies cant hurt  
at least thats what you say  
but therell be confusion  
as sure as night turns to day  
truth is a feeling you just cant deceive  
lifes an illusion  
when you dont believe

You cant take it when you go  
thats something that you oughta know  
Love isnt counted in gold  
only in heart and soul

repeat

over and over  
day after day  
lifes precious moments are wasting away  
if dreams are the schemes on which futures are made  
dream on sweet dreamer  
til you reach your grave

You cant take it when you go  
thats something that you oughta know  
Love isnt counted in gold  
only in heart and soul
