

# David Ball, Don't Think Twice

Don't Think Twice

Chorus//If you ever think of coming back don't think twice

Catch the next bus leaving take my advice

'Cause the door is always open, just walk on through

There'll always be somebody waiting here for you\\

Darling, ever since you left for San Antone

This house is anything but home sweet home

I wonder if you're happy now or sad like me

Living in the shadows of what used to be

//Chorus\\

You don't have to worry if I still love you

Just give me a second chance, I'll prove I do

It didn't take my heart to long to realize

I was such a fool to let you say goodbye

//Chorus\\

Yeah the door is always open, just walk on through

There'll always be somebody waiting here for you
