

# David Bowie, Afraid

I wish I was smarter  
I got so lost on the shore  
I wish I was taller  
Things really matter to me

But I put my face in tomorrow  
I believe we're not alone  
I believe in Beatles  
I believe my little soul has grown  
And I'm still so afraid

Yes, I'm still so afraid  
Yea, I'm still so afraid on my own  
On my own  
What made my life so wonderful?  
What made me feel so bad?  
I used to wake up the ocean  
I used to walk on clouds  
If I put faith in medication  
If I can smile a crooked smile  
If I can talk on television  
If I can walk an empty mile  
Then I won't feel afraid  
No, I won't feel afraid  
I won't be Be afraid  
Anymore  
Anymore
