

# David Bowie, Looking For Satellites

[REFRAIN]

Nowhere  
Shampoo  
TV  
Come back  
Boy's own  
Slim tie  
Showdown  
Can't stop

Where do we go from here?  
There's something in the sky  
Shining in the light  
Spinning and far away

[CHORUS]

Satellite  
Satellite  
Satellite  
Satellite  
Looking for satellites  
Looking for satellites

Where do we go to now?  
There's nothing in our eyes  
As lonely as a moon  
Misty and far away

[CHORUS]

Satellite  
Satellite  
Satellite  
Satellite  
Looking satellites  
Looking satellites

Where do we go from here?
