

David Bowie, Something In The Air

Your coat and hat are gone
I really can't look at your little empty shelf
A ragged teddy bear
It feels like we never had a chance
Don't look me in the eye

We lay in each others arms
But the room is just an empty space
I guess we lived it out
Something in the air
We smiled too fast
then can't think of a thing to say

Lived with the best times
Left with the worst
I've danced with you too long
Nothing left to say

Let's take what we can
I know you hold your head up high
We've raced for the last time
A place of no return

And there's something in the air
Something in my eye
I've danced with you too long
Something in the air
Something in my eye

Abacadoo - I lose you
We can't avoid the clash
The big mistake
Now we're gona pay and pay
The sentence of our lives
Can't believe I'm asking you to go

We used what we could
To get the things we want
But we lost each other on the way
I guess you know I never wanted
anyone more than you

Lived all our best times
Left with the worst
I've danced with you too long
Say what you will

But there's something in the air
Raced for the last time
Well I know you hold your head up high
There's nothing we have to say
There's nothing in my eyes
But there's something in the air
Something in my eye
I've danced with you too long
There's something I have to say
There's something in the air
Something in my eye
I've danced with you too long
