

# David Bowie, Yassassin (Turkish For Long Live)

[CHORUS]

Yassassin - I'm not a moody guy  
Yassassin - I walk without a sound  
Yassassin -  
Just a working man, no judge of men  
Yassassin -  
But such a life I've never known

We came from the farmlands  
To live in this city  
We walked proud and lustful  
In this resonant world  
You want to fight  
But I don't want to leave  
Or drift away

[CHORUS]

Look at this - no second glances  
Look at this - no value of love  
Look at this - just sun and steel  
Look at this - then look at us

If there's someone in charge  
Then listen to me  
Don't say nothing's wrong  
'Cause I've got a love  
And she's afeared  
You want to fight  
But I don't want to leave  
Or drift away

[CHORUS]

Yassassin, Yassassin, Yassassin
