

# David Byrne, The Great Intoxication

Who Disco?  
Who Techno?  
Who Hip-Hop?  
Who Be Bop?  
Who's been playing records in his bedroom?

Who rocks out?  
Who's spaced out?  
Who brings you?  
Who sings you?  
Who's still workin' on his masterpiece?

The great intoxication  
The mental generation  
Sound effects and laughter  
Stupid ever after  
Hopin' it was cranked up  
Loud enough for you to hear

He's drunk and he's insistent  
Shy but he's persistent  
Boisterous and jumpy  
Disorganized and funky

Every day he wonders  
What the hell she sees in him?

Ah, but who saves you?  
Who craves you?  
Who Heartbreaks?  
Who love makes?  
Look into the eyeball of your boyfriend

Who drives you?  
Capsized you?  
Who shakes you?  
Who wakes you?  
Who's still workin' on his masterpiece
