

# David Cassidy, Stranger In Your Heart

D. Cassidy/M. Spiro/M. Reno

Oh baby

I love the way you make me feel

Everything that we do

When I'm lyin' alone with you

Oh but baby

Nobody else makes a cut so deep

I guess it's the things that you don't say

The secrets you keep

I don't know where I stand

I wonder where I am

When I'm lyin' with you girl

It tears me up inside

It's eating at my pride

Is there somebody else in your world

How can you tell me you're my lover

When it's okay to touch another

How can we lie here with each other baby

If there's a stranger in your heart

You know with all the love you're givin'

There's still a part of you that's missin'

Baby for me there's just no way of livin'

With a stranger in your heart

Oh baby sometimes the price is too high to pay

For all the nights we spend in silence

Afraid of what we'll say

Can we ever get it back

The way we used to be

When I needed you and you needed me

Just look me in the eye

Stand here face to face

We ain't goin' nowhere - no place

How can you tell me you're my lover

When it's okay to touch another

How can we lie here with each other baby

If there's a stranger in your heart

You know with all the love you're givin'

There's still a part of you that's missin'

Baby for me there's just no way of livin'

With a stranger in your heart

Someday it'll all come tumblin' down

I won't be there to catch you

We gotta turn this love around
