

David Cook, Come Back To Me

You say you got to go and find yourself
You say that you're becoming someone else
Don't recognize the face in the mirror looking back at you
You say you're leaving as you look away
I know there's really nothing left to say
Just know I'm here whenever you need me
I will wait for you

So I let you go
I set you free
And when you've seen what you need to see
When you find you
Come back to me

Take your time, I won't go anywhere
I picture you with the wind in your hair
I'll keep your things right where you left them
I'll be here for you

I'll let you go
I'll set you free
And when you've seen what you need to see
When you find you
Come back to me

I hope you find everything that you need
I'll be right here waiting to see
You find you
Come back to me

I can't get close if you're not there
I can't get inside if there's no soul there
I can't face you
I can't save you
It's something you have to do

So I'll let you go
I'll set you free
And when you've seen what you need to see
When you find you
Come back to me
Come back to me
