

# David Coverdale, Whereever You May Go

You mean the world to me  
More than I can say  
And when I look at you  
It takes my breath away

I look into your eyes  
And see the love for me  
Once again I realise  
Theres no where else I'd rather be

And when my life is over  
When my time is through  
I'll still be loving you  
Your all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you

Your stand beside me  
Out backs against the wall  
You cradle my uncertainty  
Catch me when I fall

So put your arms around me  
Like a cricle in the sun  
Touch me with your healing hands  
Make sure my life has just begun

And when my time is over  
When my life is through  
I'll still be loving you  
Your all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you

And when my time is over  
When my life is through  
I'll still be loving you  
Your all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you
